**Durable Medical Equipment, Orthotics, Prosthetics and Medical Supply (DMEOPS) - Advisory Workgroup**

The DMEOPS Advisory Workgroup is a communications vehicle used to address an array of issues within the industry and Medicaid. Issues are consolidated into a format that promotes a productive effort towards reaching a resolution. An integral part of the workgroup is the diversity that is comprised of provider and consumer supporters, industry consultants and program staff participation.

Currently there are openings for interested supporters and consultants within the workgroup. Participation is strictly on a volunteer basis, and members must be willing to meet in Helena at least once per year and converse through frequent teleconferencing and email.

Interested individuals need to send a brief biography and contact information to:

Montana Medicaid  
DMEOPS Workgroup  
P.O. Box 202951  
Helena, MT 59620-2951

Reasonable accommodations are available upon request. For additional information or questions regarding the workgroup, please contact Frank Malek at (406) 444-4068.
